

Think up four different things to put around the circle... they could be animals, different fruits or something else. Draw each in one of the boxes around Buzz.

Write four quiz questions. Here is an example:

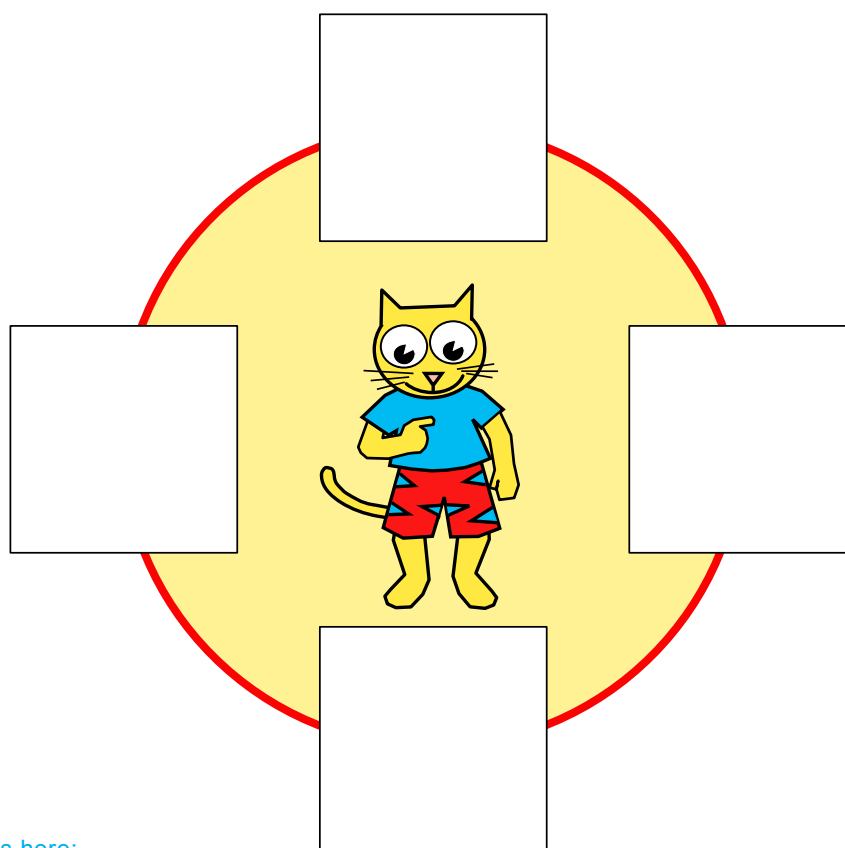

Box for answer.

1. If Buzz makes a quarter turn clockwise he will face the

Two of the questions should have Buzz turning clockwise and two questions should have Buzz turning anticlockwise.

Fold down this section. Challenge a friend to take your 'Buzz takes turns' quiz.

## Buzz takes turns
